Violence against Women and Sexual Harassment of Women at the College Premises are the Legal Offence.

" I think women are foolish to pretend they are equal to men. they are far superior and always have been. Whatever you give a woman, she will make greater. If you give her sperm, she will give you a baby.....
If you give her a house, she will give you a home. If you give her groceries, she will give you a meal. If you give her a smile, she will give you her heart. She multiplies and enlarges what is given to her."

...Sir William Gerald Golding (1911-1993),
British Nobel Laureate (1983) in Literature
